12 TWIN CITIES **#1**
YEARS HOMEBUILDER[†]

"Building a new home in the Ravinia neighborhood by Lennar was a **great experience**. Derek and Tiffany, our new home consultants, were an absolute pleasure to work with from start to finish. **Our experience not only made us feel confident in Lennar, but more importantly made us feel welcome.** We could not imagine the building process without them. They made it simple and fun and were always genuinely available and eager to help with any questions along the way. Of course, construction is not a perfect process, but overall any issues that did arise were handled professionally by the Lennar team. There are a lot of good things to say about Lennar, but the friendliness and expert guidance from the new home consultants and the **quality of the construction** certainly top the list. We would recommend Lennar to anyone looking to build a new home."

"We really **enjoyed our experience building with Lennar**. After many years of remodeling previous homes we decided to build and start fresh. After visiting and touring many neighborhoods, Summerlyn was at the top of our list. Denise was fantastic to work with and Scott our construction manager was very thorough. **We'd highly recommend Lennar to anyone thinking about building.**"

"We built our new home this past summer and it was ALL positive. This was the first house we have ever built and between Dave (our sales agent) and Kevin (our construction manager), they **took all of the stress from us and helped us to feel comfortable, confident, and excited.** Dave went out of his way to send pics as the house was going up too! Super great people to work with and **we LOVE our new home** and we really love the Laketown community! Such great people and we truly feel like we are part of something great here! **I highly recommend Lennar** if you are considering building a new home!"
